Having heard great things and reading reviews, my husband and I booked Gerry for our big day and we were not disappointed. From the outset he met us on numerous occasions answering all our queries and questions on the order of the day, whether it was music related or not. He was our go to guy for all wedding related issues and advice including flowers, cars & photography, he was quickly renamed Franc in our household. Be under no illusions this man has the ability and knowledge to organise any couples wedding. In addition, he is a music genius & crowd pleaser. Nothing was an issue, we cannot recommend Gerry enough to all

Gerry is the most Unbelievable man in the business if we could give him ten stars we would. He's long enough in the business and has all the best knowledge and recommendations and he kept our floor full all night. Gerry met us beforehand discussed what he knew would work, gave us the best advice and was literally always on hand by phone or email to respond to my 6 million requests. He's unreal and you'll never regret booking him.. he'll be your best supplier I promise 😊
